

ENGAGE. CONNECT. SUPPORT.

*Harnessing digital applications to improve teaching and learning in all schools for each student*

Home Base is designed to empower teachers, engage students, support administrators, and connect parents with their child’s learning.

**SCHOOLNET**

**POWERSCHOOL**

**CANVAS**

**TRUENORTHLOGIC**

**Instructional Improvement System (IIS)**

- Create lessons using digital content and shared resources
- Develop and deliver aligned assessments for classroom or benchmark purposes
- Analyze data to improve practice

**Student Information System (SIS)**

- Record and manage student data on attendance, grades and other information
- Provide real-time feedback to parents, students, and educators
- Access available to parents

**Learning Management System (LMS)**

- Create and manage online course content with intuitive design for ease of use
- Engage students and teachers through discussion boards and collaboration spaces

**NC Educator Effectiveness System (NCEES)**

- Record and manage NC Educator Evaluation data
- Select online courses to meet professional learning needs
